**Forklift Safety Training Video "Can I Drive It Now?"**

Shows that operating a forklift isn't as easy as it looks. In our new video, a beginner driver learns this fact during his first day on the job.

- Ideal for new employees and reinforcement for existing drivers
- Presents circumstances that employees can relate to, and educates them about the basics of operation, driving concepts, lifting and loading procedures, and more
- Includes 25 operator evaluations to document that employees have the ability to operate a forklift safely as required by OSHA
- Meets OSHA training requirements

TXA-W0116

Price Each **\$149.95**

**Kit Comes Complete with the Following:**

- VHS Training Video (1)
- Employee Handbooks (10/pkg.) with quiz to be sure information is retained, as OSHA requires
- Two-Part Training Acknowledgement Forms (10/pkg.) for both the employer and employee to sign, to avert possible future legal issues
- Wallet-size Certificates of Training (10/pkg.) for employees to keep as recognition for completing the course
- Training Logs (10/pkg.) to use as a convenient tracking system to ensure compliance on a companywide basis
